News Release

Governor Invites SecondBite to Say Thank You in Style!

Having just reached its second birthday, Melbourne not-for-profit organisation **SecondBite** has a lot to celebrate! In its short life SecondBite has rescued **200** tonnes of fresh produce destined for landfill, enough food to create over **400,000** nutritious meals for people in need.

This incredible work is made possible by an army of dedicated volunteers and supporters. In recognition of this, the **Governor of Victoria, Professor David de Krester** will host a **late afternoon reception** at Government House for all the supporters of this much-loved charity.

“We are extremely honoured that the Governor of Victoria has chosen to recognise SecondBite in this way, in turn giving us the opportunity to honour the true hero’s of our organisation; our volunteers, supporters and the clients we exist to serve”

-Katy Barfield, Executive Director, SecondBite

As a display of gratitude to SecondBite for supplying nutritious food and snacks at their all important weekly rehearsals, Melbourne’s own, Logie winning, **Choir of Hard Knocks** will perform four songs in the opulent **Grand Ballroom**- guaranteed to be a moving reminder of the triumph of the human spirit over adversity.

For insight into the SecondBite journey, a photographic exhibition will provide an informative and visually stunning narrative, highlighting both the passionate team hard at work and some of the many Melbournians helped by SecondBite.

Join the Governor, the SecondBite team and an array of high profile guests in this celebration of thanks.

What: Late afternoon reception
